ISAIAH 29:13

"These people come near to me with their mouth and honor me with their lips, but their hearts are far from me."

JEREMIAH 29:13

"You will seek me and find me when you seek me with all your heart."

Nico
VAN DER MERWE

PROFESSIONAL PROFILE

Nico completed his B.Sc. (Pharm) studies at Potchefstroom University in 1973 after which he and his wife, Anita, practiced as a community pharmacists. In 1979 they acquired the H.A.S.S. Group - which today is the leading hearing health care service provider in Sub-Saharan Africa with 465 staff, 24 Ear Institutes and a professional agent network situated throughout sub-Saharan.

Nico and his family have a God given vision - to make a difference in deaf education - which resulted in the formation of the "Foundation for Children with a Hearing Loss" and Eduplex schools in Pretoria. Here a few deaf children are included in every class of 25 and where they learn and acquire normal spoken language alongside their hearing friends - without sign language. Currently there are 835 children in Eduplex, 80 are deaf and 50% of these deaf children, the poorest of the poor, are dependent on bursaries that include school fees, 2 meals a day, after school care, uniforms and audiological management.

To take the Vision globally and change traditional deaf education internationally (from sign language to spoken language), Nico founded the Eduplex Training Institute (ETI) - an online virtual classroom training institute that train professionals (teachers / audiologists / hearing aid acousticians) and parents in inclusive education as well as hearing aid acoustics. To date professionals from more than 45 countries have received training at ETI.
